Subject: SAIMENA

Dear Sir/ Madam,

I am currently seeking the services of two Technical Superintendents for the Vessel Management Services Business Unit to oversee the safe and efficient management of the fleet of vessels.

Could you possibly refer me to such a candidate or provide me with information as to how to source such an individual.

Key performance areas include:

- ❖ Ensuring that the vessels are maintained in accordance with Company, Statutory and Classification requirements;
- ❖ Ensuring that the operational readiness of vessels are maintained to the required standards of safety;
- ❖ Maintaining good communication with the vessel management, as well as internal and external clients and contractors;
- ❖ Facilitate the procurement of all spares & consumables, management of all vessel maintenance and operational requirements, including all certification;
- ❖ Submission of technical reports as required;
- ❖ Formulate, manage and control all aspects of the vessel budget and operating costs;

The successful candidate will meet the following minimum criteria:

- ❖ Marine Engineer Certificate of Competency (STCW-95) is a minimum requirement. Preference will be given to candidates in possession of a Chief Engineer Unlimited Certificate of Competency;
- ❖ At least 5 years experience as a Senior Engineer at sea or in a Technical Superintendent's role ashore;
- ❖ Computer literacy, including MS Office and Planned Maintenance Systems Applications (AMOS);
- ❖ Good communication and organizational skills;
- ❖ A self motivated individual who has excellent initiative and problem solving abilities;
- ❖ The ability to work independently within a larger team environment; and
- ❖ The ability to work under pressure.

Your help will be greatly appreciated.

Kind regards,
Tanja Hanekom
